## LONG TIME COMING

By Richard E. Maltby Jr.

**F**or puzzle solvers, this issue of *Harper's Magazine* represents 1 Across. Which, in one way or another, should help identify the eleven other unclued entries.

Clue answers include six proper nouns and two foreign words, one of which is very uncommon. The entries at 26A, 8D, and 36D are also uncommon. As always, mental repunctuation of a clue is the key to its solution. The solution to last month's puzzle appears on page 73.
